TEAM LINE COLLEC- TION

The Team Line is a selection of swimwear, sportswear and accessories tailored for swim clubs, leveraging the brand's expertise on providing athletes with the best performance gear for their training in and out of the water.

The brand new edition of the Team Line includes a wider range of sports apparel that celebrates the athletes journey beyond the pool, establishing arena as the partner of choice for the swimmers that want to get the best out of their efforts in the dryland.

arena Icons represents the premium offering of both swimwear and sportswear sides of the Team Line, celebrating arena heritage with pride and authenticity, while promoting the visibility of the timeless team stripe and arena logo to embrace all competitive swimmers into one pulsing community.

SWIM-WEAR

TECHNOLOGIES

 **100% POLYESTER, of which 51% to 53% is recycled.**

MaxLife ECO is the evolution of arena's premium fabric dedicated to regular and intensive swimmers, delivering maximum resistance to chlorinated water. While keeping the same benefits as the standard fibres used in the original MaxLife, its new ecological version features more than 50% recycled polyester, obtained from PET Bottles and produced with a circular approach that helps saving energy consumption, CO2 emissions and water usage during the process.

This highly sustainable fabric is the result of almost one year development and several 200 lab trials. Its construction is based on specifically engineered PE yarns, that provides very good elasticity and combines excellent fit with power retention performance. Additional features include quick drying and 50+ UV protection rate.

TECHNOLOGIES

100% recycled polyester, or 83% recycled polyester + 17% elastane, 63% recycled polyester + 25% polyester + 12% elastane

MaxDry ECO is the sustainable evolution of arena's exclusive technology for moisture management, that facilitates uni-directional sweat wicking: the inner side instantly absorbs moisture and pushes it to the external surface for fast evaporation, to deliver comfort and a dry feeling.Made with recycled polyester obtained from PET bottles, MaxDry Eco is also a guarantee of reduced energy consumption, CO2 emission and water usage during its production process.

The ultimate Dry Experience

Unique channel structure created for superior moisture menagement. The signature inner linings instantly absorb moisture and push trough the channels to the surface layer for fast evaporation. Unique vertical moisture transport channels facilitate uni-directional sweat wicking.

MADE IN GREEN

MADE IN GREEN is a traceable product certification for all kinds of textiles products that have been manufactured in environmentally friendly facilities under safe and socially responsible working conditions.

The MADE IN GREEN certification also reassures consumers that the textile product is made of materials that have been tested for harmful substances.
